

TOWNE

ISLAND HOMES®

SAFE AND SECURE DURING YOUR HOME BUYING PROCESS

Model Homes And Site Tours By Appointment Only

There's never been a better time to find your dream home with Towne Island Homes, which is why we are taking extra precautions for our clients. We are making sure you can find the home of your dreams in a way that makes you feel comfortable.

We remain open for you to visit our communities and model homes, but by appointment only at this time. Given concerns associated with COVID-19, we want you to know that we have instituted the following safety practices, in accordance with CDC guidelines, to better protect the health of our homebuyers and employees.

- ◆ We will practice social distancing at our communities.
- ◆ We request that our guests wear a face covering and refrain from touching items during the home tour.
- ◆ Each Towne Island Homes sales center and model homes are being cleaned and sanitized routinely.
- ◆ When you arrive at our sales offices, you will be asked some screening questions about current health, any COVID-19 contact, and any recent travel.
- ◆ Depending on your responses, we may ask that you schedule your visit for a later date or opt to schedule a virtual appointment. Please feel free to call before arriving at the sales center if you have any questions about this process.

In addition to in-person tours, we're also offering virtual or phone appointments. Please call ahead to schedule your appointment.

Please visit your community of choice for contact information.

Thank you for your patience and trust in Towne Island Homes as we navigate through this difficult and fluid situation. We look forward to scheduling your appointment and welcoming you to our community.
